The Brooksville Community-Based Outpatient Clinic (CBOC) began providing quality health care services to the veterans of Hernando County March 9, 1998. The clinic was expanded to 8,285 net square feet of space May 24, 2004, and an annex of 1,140 square feet was added Nov. 5, 2007, for enhanced mental health services.

PRIMARY CARE SERVICES

The Brooksville CBOC currently has six primary care providers along with ancillary services and mental health. Veterans are followed by a designated primary care team for the general care of that veteran. Teams are comprised of physicians, nurse practitioners, physician assistant, nurses, a social worker, clinical pharmacist, dietitian and administrative support personnel. Mental health services are provided by a team of mental health specialists. Consultative services are provided by an audiologist and a podiatrist.

ANCILLARY SERVICES

Nursing
